- Before walking the runway, you'll have a chance to explain what you're wearing and why it's eco-friendly. Keep your explanation **short and sweet—just 2-3 sentences per outfit!**
- You can highlight things like:
  - **Materials:** "This dress is made from organic cotton, which uses less water and no harmful chemicals."
  - **Second-hand/upcycled:** "I found this jacket in a second-hand shop and gave it new life with some DIY patches."
  - **Local production:** "This outfit was made by a local designer, reducing the carbon footprint from shipping."

#### 2. Runway Walk:

- After your explanation, you'll walk the runway to showcase your look. Be confident and have fun!
- You'll do this for both of your outfits.

#### 3. Media Coverage:

- You will receive **video footage and photos** of your runway performance after the event. This is a great way to remember your big moment and share it with your friends or social media followers!

### Reminders:

- **Be prepared:** Think about what makes your outfit eco-friendly, and practice your 2-3 sentence explanation in advance. It could be something simple like using natural dyes, wearing vintage pieces, or choosing sustainable fabrics.
- **Confidence is key:** The audience is excited to hear from you! Be proud of your outfit choices, smile, and enjoy your walk down the runway.
